## 26th Caravan Tour

from 29th of September till 1st of October 2017  
in SEVNICA, the birth place of USA first lady

We are thanking Mrs. Polona, Mr. Andrej Štrichelj, Mr. Srečko Ocvirk (Mayor of Sevnica), KŠTM Sevnica (Public institution for culture, sport, tourism and youth activities Sevnica) and others for their efforts, help and cooperation by preparing the program of 26th Caravan Tour.

Community SEVNICA is one of the municipalities, which joined the slovene project - Net of Camper stops in Slovenia.

After the election of the US President, SEVNICA is also known as the birthplace of the first lady - from Slovenia from Sevnica - Melania Trump, and thus became a tourist "searched" city visited by tourists from all over the world. We will not look at the block, the house where she lived, the elementary school where she benches ... we will try the culinary specialties, which are surely worth tasting. We visited Sevnica in May 2012 and we are sure that it will surprise us with the development and achievements of the last 5 years. More about Sevnica municipality can be found at <http://www.obcina-sevnica.si/>

After crossing the Sava River, within the roundabout (by supermarket LIDL) you will see the biggest hoof in the world, which was made by Kopitarna Sevnica for its 130th anniversary. It is 250 cm long, 80 cm wide, 125 cm high, made from poplar. Used were 1,8 cubic meters of wood, 17 kg of adhesive and 700 screws. The hoof is fully hand-made and making it took one month. The hoof number is 380, so it will be too big for Melanie's foot. Maybe the prestigious slippers »White House« designed by Maja Stamol ....

The road takes you over the railway resp. Rails.

In the next roundabout we will be welcomed by the grape vine of the famous enologist Zdravko Mastnak (agronomy ing.), who will take us with his wine spirit, charms and his energy on Saturday to his estate on Krakow, which is only 5 km away from the town Sevnica. At this roundabout, take the second exit - Planina, and after the first curve, turn right over the stream Sevnčina ... you drive past the Kopitarna plant. In front of you, you will see Športni dom (Sports Center), in the hill you turn left and immediately right on the parking lot.

### Friday, the 29th of September 2017

**16:30 - 17:30** Meeting in front of the Sports Center in Sevnica, Prvomajska Street 15a - we stay the first night (<https://www.kstm.si/sportni-dom-sevnica.html>) on asphalt paved closed parking lot. Possibility of using the toilets at the Sports Club.

Ljubljana, 16th of August 2017

**At approx. 17:30** greetings from the majorettes of the society Trg Sevnica and the director of the KŠTM g. Mojce Pernovsek.

At approx. 18.00 bus takes us to the castle Grad Sevnica (parking and also Camper Stop)

**At approx. 18:30** reception in the Lutrovska cellar (<http://www.dedi.si/dediscina/240-lutrovska-klet>) - welcome of the Mayor of the Municipality of Sevnica and a short concert of the vocal group "Vilinka" in one of the most acoustic basements in the EU.

Lutrovska cellar is former Evangelical prayer house, named after the German reformer Martin Luther, under the Sevnica castle, on the left bank of the Sava River, with a partially preserved interior of the interior, which is one of the greatest 16th-century painting achievements in Slovenia.

Today, due to its outstanding acoustics, the Lutrovska basement is the scene of various musical events.

**From approx. 19:00** reception will take place at the Town of Sevnica - Count Moškoni with the castle family. Dinner will be in the atrium with soup and cold-warm catering of Kamenško Wine House (Jamšek Andreja). If raining, the dinner will be in the Felician Hall in the castle. Drinks are not included in the price.

Vineyard roots of Kamenško Wine House go back for centuries, but in 2014 they have arranged a tourist-friendly location for guests in Kamensko (3 km from Krmelj), in an idyllic vineyard environment where they are preparing entertainment for smaller and bigger groups.

Besides the excellent cuisine, has family Jamšek in Sevnica also Sava Avto (for vehicles technical inspections, registrations, service ...), Bowling Delux with a restaurant (6 modernly equipped and automatically guided bowling tracks), Desert Café, Bliss Fashion Store and Intersport Store.

**After 22:00** departure to the bus parking and with the bus to motorhomes.

## **Saturday, the 30th of September 2017**

**At approx. 9:00** walk to the town. We will be divided into 2 or 3 groups - depending on the number of participants - sightseeing and a visit to the new town center. Visiting and shopping in industrial stores Kopitarne (house footwear, protective professional footwear, clogs, hand-made footwear, comfortable footwear) and Lisce (linens, swimwear, sleepwear and blouses of own brands - Lisca and Cheek).

**At approx. 11:00** visiting open market - tasting the best Savnica salam with "other" treats, the possibility of purchasing quality different local home-made meat products.

SALAMIADA in Sevnica is the longest traditional event in Slovenia. Its beginning dates back to 1962, when the owner of Gostilna Vrtovšek, Peter Vrtovšek and his friend Rudi Mlinarič, could not figure out which of them made better salami. The last and decisive word was held by the audience and Rudi Mlinarič was appointed as the winner. The event traditionally takes place in Gostilna Vrtovšek every year on March 10th, when men celebrate their holiday - 40 martyrs. The special feature of this event is that only men are permitted to enter, and women only if they "honor resp. pay" Štefan (local name for 2 l bottle) wine on each table. In 2017 there was already 56th Salamiada. Evaluated are the outer appearance, smell, cross-section and taste. The maximum number of points reached by a specific sample is 60.

**At approx. 12:00** time for bowling in the Bowling Center (not obligatory) and treat with a melanie cake and coffee.

**At approx. 13:30** departure resp. walk to motorhomes.
